Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The prior art of record discloses a food processor comprising a housing with a housing wall and in which base unit a motor is housed and which base unit comprises a shaft configuration rising from the housing wall and comprising a drive shaft drivable by means of the motor and led through the housing wall; a work container comprising a bottom wall and a hollow cylindrical extension partially surrounding the shaft configuration; and a cover for the work container. However, the prior art of record does
